The Barn Quilts of Harrison County

Vol. 3

Tobacco Leaf

Mark & Tomi Sadler
 2372 US Hwy 62 W

Buffalo Gals Homemakers - artists

The Harrison County barn quilt project originated in 2005 to honor our heritage of family, farming and quilting. Landowners throughout the community are continuing their efforts to promote tourism by displaying quilt squares on their barns and outdoor buildings. We invite you to take a tour and see some of the beautiful barn quilts displayed in our community. This brochure includes the designs and locations of many of our quilt squares; it also includes a map marking the general area (check our website for a view of the actual barns displaying these patterns). You may also enjoy browsing our website for more quilts and information.
